Travel Review: Julie: All is going well.

- SLS had a few teams play in Western Lehigh Tournament, all did fairly well
- PTS invoice, should we be paying before services are provided? Pay and if sessions are missed, get credit towards spring sessions
- Winter Leagues – Team funds of \$3000, teams should be using team funds first, then will discuss if they need more money. Lou Ramos, discount for multiple teams? Make sure they are signed up at same time to get discount. TriBoro League is in first year. Iron Lakes, not sure if they are having winter
- Winter Goalie Training with Bob, email sent to coaches, \$245 per kid, 10 sessions.

Recreation Review: Bethany:

- Games going well
- Blue Mt won't allow coaches to schedule games when they need to be rescheduled, everything must go through the director.
- Email/ phone call from Blue Mt regarding issue with misconduct on the HS co-ed team in a game (Easton teams player) Steps taken to report within the league and to SafeSport. Curt will reach out to coach to advise them if they want to file charges it would be the parent/players choice.

Intermural Review: Curt (notes from Amanda)

- Season going fine
- Field space – designated field space for U5/U6 games/practices next year
- Coaches – clearance requirements – need deadlines and protocol for clearances if coaches do not finish before practice/games. Liability issue for club if people don't finish clearances.
- Add a link on the flyer for site info to start clearances so volunteers/coaches can start process when they register their child

Treasure Review: Kathy:

  - \$10,400 invoice for PTS to be paid
